

FRONTIER

CONTROLS CORPORATION

Instrumentation, Controls, Heat Trace
Sales & Service

Flow | Level | Pressure | Temperature | Heat Trace

Metro Denver Office:

7388 S. Revere Parkway
Suite 707
Centennial, CO 80112
800-288-3422 Toll Free
303-745-5065 Phone

Total Instrument Solutions • Pressure • Flow • Air Velocity Level
Temperature • Valves • Combustion Testing • Data Acquisition
Humidity & Test Equipment

Liquid Level Switches • Flow Switches • Flow Indicators
SureSite Visual Level Indicators • Ultrasonic Level Switches
Ultrasonic Continuous Level Transmitters • Pressure Transducers
Tank Level Indicating Systems • I.S. Barriers & Relays
Float Switches • (Warrick) Conductivity Based Liquid Level
Controls, Probe Holders, Relays, Electrodes & Controls
Leak Detection Sensors • Fiber Optic Controls • Solenoid Valves
Pressure Switches

Industrial Unit Heaters • Classified and Unclassified Location
Electric Heaters • Horizontal and Vertical Projection
Steam/Hydronic Heaters • Explosion-Proof Unit Heaters
Heater Accessories and Thermostats

Sensor Smart Combustible • Oxygen and Toxic Gas Fixed Point
Hard Wire and Wireless Detectors • View Smart Single plus
Multiple Channel Alarm Controllers, • Flame Detection
Calibration Kits/Accessories • Custom Gas Detection
Alarm Control Solutions

Thermometers • Bi-Metal Dial • Liquid-in-Glass
Pocket • Digital • SAMA • NIST Traceable • Hygrometers
Psychrometers • Scales • Pressure Calibrators

Electronic & Electromechanical Pressure • Differential Pressure
Temperature Controls & Switches • 2-Wire Pressure &
Temperature Switches • Thermocouples, RTD's, Thermistors &
Thermowells Pressure Transducers

Heat Tracing Controls, Monitoring Systems & Control Panels For:
- The Industrial & Commercial Construction Heat Tracing Market
- Automatic Snow Melting & Gutter De-Icing Controllers
- Supervisory & Computer Design Software

Self-Regulating, Constant Wattage & Power Limiting Cables For:
- Pipe & Tank Freeze Protection Systems
- Pipe & Tank Process Temperature Maintenance Systems
- Longline Heating Systems
- Tank Pad Heating Systems
- Heat Trace Controls, Panels and Monitoring Systems

Self-Regulating Cables & Roof Panels For:
- Roof and Gutter De-Icing & Snow Melting Systems
- Bylin Engineered Roof Panel Systems
- Concrete De-Icing & Snow Melting Systems
- Commercial Pipe Freeze Protection Systems
- Commercial Flow Maintenance Systems
- Domestic Hot Water Temperature Maintenance Systems

Mineral Insulated Industrial Fire Rated Wiring Cable
Mineral Insulated Heating Cables & Components For:
- Freeze Protection & Temperature Maintenance Systems
- Snow-Melting Systems For Asphalt & Concrete Driveways

Complete Turn-Key Heat Management Services:
- Engineering Design Services
- Heat Trace Material Supply
- Construction Services
- Tank Insulation Systems
- Custom Control Panels

Leak Detection Systems For:
- Water, Fuels, Solvents & Aqueous Chemicals
- Single & Multiple Alarm & Locator Modules
- Leak Sensing & Locating Systems For Pipes, Tanks & Beneath Raised
- Floors In Cleanrooms, Computer & Phone Equipment Rooms

*Not all lines available in all areas. Please contact us for more information.
